

BINKS POGO PLUS LOW PRESSURE PUMPS

For High Volume Fluid Transfer and Spray Applications

Pogo Plus series, two-ball, double acting piston pumps are designed for the application and transfer of low-medium viscosity fluids. Models are available in Stainless Steel with either PTFE or UHMWE packings and are compatible with a wide variety of materials including water or solvent borne paints and adhesives and most solvents. Pogo Plus pumps have a 4:1 ratio and are available with maximum pressure ratings of 290 psi or 500 psi.

MARKETS AND APPLICATIONS

- Furniture and Wood Cabinets
- Truck and Bus
- Adhesive Applications
- Coating Supply
- Solvent Supply for 2K equipment
- General Industry

Binks Pogo Plus Low Pressure Pumps For High Volume Fluid Transfer and Spray Applications

Patented Air Motor Design

Utilizes AX55 air motor to provide quick changeover and reduced pulsation

Durable Pump Design

Reduces maintenance cost

Pump Outfit Available with Trophy Gun

Trophy guns available with a new lightweight and ergonomic design

5 Year Limited Warranty

The finishing industry's best warranty
