SOLUTIONS

ms[®] Topcoater[®] Speedy Series 4 Manual powder cart

High-quality coating with an easy-to-use, multifunctional powder cart system

This versatile system is ready for your manual powder coating needs. Configurations include single or dual gun, box-feed vibrating bed or fluidizing container.

The ergonomic, advanced manual powder gun aims to be one of the lightest in its class, reducing operator fatigue and improving efficiency. The controls are easy and intuitive. Color changes can be done in 30 seconds with an automatic cleaning system.

Get outstanding powder charging, high transfer efficiency and more.

FEATURES

- Arrives fully assembled
- Balanced, ultralight powder spray gun reduces user fatigue and improves ergonomics
- Built-in cleaning system
- Patented corona feedback system ensures high-quality coating without additional accessories
- 7-inch color touchscreen with intuitive controls and display, featuring multiple languages
- Easy storage of up to 96 programs
- Preloaded standard programs for first coat, re-coat, metallic powder and complex-part geometry

MORE FEATURES

- Touchscreen can be used with gloves
- Injector rod for low-air powder feed
- Flat spray nozzle and conical nozzle set included
- Powder feeds directly from the original packaging
- Powder feed with quick, adjustable flow rates
- Wide range of multifunctional nozzle systems for fine spray patterns and uniform coating thicknesses — even with metallic powders
- Diagnostic functions for cascade and control device
- ATEX/PTB compliant*

ms Topcoater[®] Speedy Series 4
